

Sulphur World Symposium 2014

Long Beach, California, USA | April 7-9, 2014

The Sulphur Institute is proud to host the Sulphur World Symposium 2014 — an annual event that attracts sulphur industry leaders for two days of expert speakers, networking events, and industry tours. TSI's last symposium held in North America brought together senior management delegates from various aspects of the sulphur industry. TSI is projecting record-breaking attendance at this year's event in Long Beach, California, USA.

Oil Sands Outlook

Derek Allen – Manager — By-Products Marketing and Business Development
Suncor Energy Marketing

The presentation will cover Suncor's current oil sands sulphur position. It will highlight expected future development within the broader oil sands community and derived recovered sulphur in Alberta. Suncor's view of bitumen exports and the resultant sulphur recovery at refineries in North America and the potential for broader global opportunities will also be explored.
