

Sulphur World Symposium 2014

Long Beach, California, USA | April 7-9, 2014

The Sulphur Institute is proud to host the Sulphur World Symposium 2014 — an annual event that attracts sulphur industry leaders for two days of expert speakers, networking events, and industry tours. TSI's last symposium held in North America brought together senior management delegates from various aspects of the sulphur industry. TSI is projecting record-breaking attendance at this year's event in Long Beach, California, USA.

Regulations Governing Safe Transportation of Dangerous Goods Within North America

**William Schoonover — Deputy Associate Administrator, Field Operations
US Department of Transportation**

This presentation will provide a brief overview of the US DOT organization, the regulatory and resulting enforcement process, an overview of North American transportation regulations, and a discussion of issues and challenges facing carriers and shippers with emphasis on changes driven by recent legislation and accidents.
